Public Service Commission,

I would like to let the commission know that I, as a longtime resident of Columbia and SC, fully stand with Uber and its right to be in our community. I believe your *cease and desist* order is unwarranted and does damage to a growing and profitable business in our home town and state. I ask that you reconsider your rule and reinstate Uber at the earliest convenience. Thank you for your time and consideration.

Todd

Subject: Uber

To Whom It May Concern,

Please cease and desist in the attempt to get rid of Uber. I have used Uber in several cities over the past couple of years, and am always amazed at how clean, safe, and professional the drivers are. Cabs/cab companies in Charleston are the complete antithesis of those adjectives. I've taken Uber here in Charleston a few times now since their start up here. Again; safe, clean, professional. I refuse to take a cab ever again in Charleston.

The only thing Uber is hurting is the apparent racket cab companies have going, especially downtown. I was over charged/gouged twice taking a cab from downtown. I also had a driver on a different occasion try to scam us by taking us a longer route on surface streets vs. taking the freeway to drive up the fare. There was another instance where the cab simply didn't show up after we called it, and we were stuck at a friends house over night after a party. None of these incidents instills any confidence in me or my husband as to the quality of cabs in Charleston. And, frankly, the vehicles themselves have all been disgusting and accidents waiting to happen.

If you care whatsoever about the safety and well-being of Charleston citizens, you will stand down on this asinine witch hunt, with all do respect.

Kind Regards,
Toni Chamness - Jobe

I feel uber has showed good faith in dealing with the regulatory process and have demonstrated their concern for their passengers by providing excellent insurance coverage for their riders and use sufficient background checks for their drivers. James Groeber

Please do not take away Uber. We love it and have had great rides. They work SO much better than cabs and are cleaner, safer, more affordable and take us home from bars so no DUI!!
